**Year R Weekly
Information Sheet
19/7/2024**

We have come to the end of our final full week in Year R! We cannot believe how fast this year has flown by. Thank you for all your support and that you have entrusted us with your precious little people and we have enjoyed watching them grow into active learners. We will miss them when they move to Year 1 but we are sure they will enjoy their new adventure. Wishing you all a wonderful summer and well-earned break. We do have a few more days to get through next week but know these days will be busy and enjoying those final days in Year R.

THIS WEEK WE HAVE LEARNT:

MATHS: In maths this week the children have been continuing their subtraction learning using a tens frame. Ensuring they say the sentence ___ take away ___ equals _____. At home you can do this with a dice to help you know how many to take away.

OLYMPICS: This week the children have been learning about different countries who compete in the Olympics. In Year R our focus countries have been Great Britain and Poland. Today children got to move around the school visiting different countries (classrooms) to get their passport stamped.

WORD AWARE: This week the children have been learning about and using the words below.
